The British Caving Association (BCA) insurance provision

In the past third party insurance has been included with CATMHS membership through an arrangement with NAMHO and the British Caving Research Association. This arrangement has been taken over by the BCA. Insurance is valid from 1st January to 31st December and will be included with the subscription, which becomes due on 1st November each year. Members wishing to participate in the Societies meets are required to have the appropriate third party insurance

Note: This insurance is for third party risks only, and covers your liability to other people, to the committee and to landowners. It does not cover loss or injury to the insured persons.
